**SOFT-ON-CRIME POLICIES ARE FUELING RECORD CRIME**

Soft-on-crime policies, such as reducing the penalty for certain murders and other crimes and restraining officers' ability to restrain violent suspects, are fueling violent crime.

**LESSEN DRUG PENALTIES**

Reduce classification from felony to misdemeanor for possession of drugs, such as fentanyl, heroin, cocaine, and others for single-use possession.

**INCREASE DOMESTIC OIL TO REDUCE GAS PRICES**

Foreign oil sources use dirtier technologies and require transport, causing more emissions. Ease regulations on domestic production, which better protects the environment, jobs, energy security and affordability.

**ILLEGAL IMMIGRATION: SANCTUARY CITIES**

Prohibit state and local law enforcement from arresting or detaining illegal immigrants or providing personal information to federal immigration authorities.

**PARENTS' RIGHTS: REMOVE SEX/GENDER IDEOLOGY FROM THE CLASSROOM**

Teaching sexual orientation and gender ideology is not the role of teachers. Restore parents' authority to direct the education of their children.

**SELF-DEFENSE: GUN RIGHTS**

Gun bans and gun-seizure laws hurt law-abiding citizens. Criminals don't abide by laws. It is dangerous to empower a government agency to disarm law-abiding citizens ("Red Flag Laws").

**LATE-TERM ABORTIONS**

A woman has a fundamental right to abortion up until the moment before full-term birth.

**SCHOOLS: REMOVE CRITICAL RACE THEORY**

CRT, based in Marxism, rejects God, family, and equality. It pits race against race, promotes division, and reverses decades of civil rights progress.

**GOVERNMENT LOCKDOWNS: ABUSE OF POWER**

Extended lockdowns of schools, churches and businesses are an abuse of power and cause harm to schoolchildren and the economy.

**MALES IN FEMALE SPORTS**

Biological males identifying as females are entitled to participate in female-only sports and enter intimate spaces such as women's locker rooms and shelters.
