

Pledge to Vote

IGNITE www.millionvoices.com/ignite/

- This chapter in American history demands Christians courageously unite at the ballot box, championing Christian principles for life, family, and restoring trust and integrity to a broken system. The Million Voices **IGNITE** movement is a beacon of light and hope in this moment of uncertainty. We cannot remain passive. We have the potential to breathe life and power into our government with our votes. Even if you don't believe your vote counts or matters, Christians must turn out in numbers, overwhelming the plans of the enemy.

Can we count on your pledge to vote today?

I pledge to:

Use my right to vote for President and all down-ballot races

Cast my vote from a perspective rooted in biblical teachings

Seek divine wisdom before candidate decisions

Educate myself about the options available

Encourage others around me to participate in the voting process

I will remain engaged and active in my community beyond the voting process, contributing to its growth and prosperity
